What others say about Dusty Revenge:

### **Destructoid**

*“All in all, it feels like a condensed 2D Devil May Cry 3, which is a great thing, and shows that PDDesignStudio really has a knack for designing technical action.”*

*“All along the way, the art is stunning, breaking the boundaries of an indie studio and venturing into major release territory.”*

### **Jay is Games**

*“The real juicy parts of the game take a little time to kick in (why isn't the bear with the massive gun there from the beginning?!), but once they do you'll realize this is much more than a simple sidescrolling punchfest.”*

### **Mash Those Buttons**

*“It's got a huge move set, simple attacks to learn, beautiful stages, great enemy and level design, and a fun, unique soundtrack. It does a lot of work to keep the game interesting and varied for its players, something very few brawlers manage to pull off effectively.”*
